Jobs for Montana's Graduates
20th Annual
Career Development Conference

May 4 & 5, 2010
Billings Hotel & Convention Center
Billings, Montana

Welcome to Jobs for Montana's Graduates 20th Annual Career Development Conference! This conference is for you, the students of JMG.

You are among 11,000 students who have been in JMG over the past 20 years. These students have become the leaders in many of Montana's communities and professions - take a look at the page border for a few of their careers! Half of the JMG Seniors in the 2009 graduating class went on to college or training and 92% of them are going to school, working or in the military. Considering we are working our way out of a recession, this is impressive!

You, as JMG students, are becoming part of the proud JMG history by participating in the state's premiere program that guides students toward making positive career choices and provides opportunities to become school and community leaders.

JMG teaches the skills needed to get and keep a job but, more importantly, JMG gives you an opportunity to develop your personal character traits. Those students who were in JMG before you became successful because they worked to develop positive character traits. The following are the aspects of character that will help you develop a better life and be a better person.

Conscience - Listen to the inner voice that helps you know the right decision. The voice that helps you know right from wrong and urges you to do what is good and right.

Courageous - Resolve to confront the challenges and choices of your life. Make the tough decisions that need to be made by doing what you know to be right even when it costs more than you want to pay.

Considerate - Be thoughtful and attentive as to how your words and actions will affect others and reflect on you.

Compassionate - Demonstrate a genuine concern for the well-being of others. Be kinder and more charitable. Strive to understand more and judge less.

Confident - Know that you can overcome problems with integrity and dignity. Don't underestimate your resiliency. Resolve to persist until you prevail.

Control - Realize that you can control your emotions and situations that tempt you to compromise your principles or long-term goals.

At this conference you will attend a variety of workshops on careers, participate in competitive events and meet new friends. It is an opportunity to display your positive character traits and your ability to be professional in all the activities in which you participate. Make each interaction a positive one.

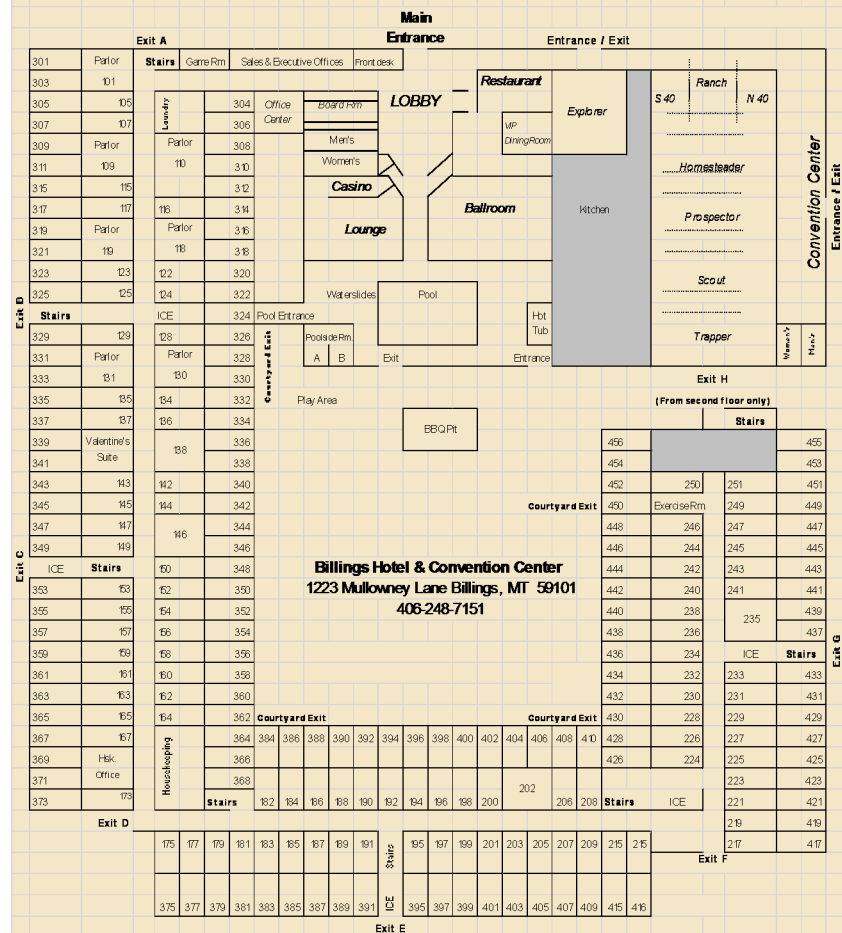

This year's conference brings over 375 students, career specialists, judges, workshop presenters, and special guests to the Billings Hotel & Convention Center. These people work hard to make the conference a success. Remember to say "thank you" to all who have made the conference possible for you.

I, personally, wish you all the best of luck in whatever path you choose for the future.

Your character is your destiny.

Sarah Sadowski, Program Director for the Young Adult Service Corps, began working with AmeriCorps soon after graduating from the University of Montana in Missoula. Sarah served two years with AmeriCorps Vista: one year in Fairbanks, Alaska and one year in Helena, Montana. Serving with AmeriCorps, a program of the Jobs for Montana's Graduates Foundation (JMGF), is what got Sarah believing in "Getting Things Done". She is honored to work with Montana's young adults to get them more involved in their schools, communities and their own lives. In her leisure time, Sarah enjoys hiking steep inclines and sleeping outside. Sarah's office is located at 931 North Last Chance Gulch, Helena, MT 59601.

The black lab was killed in November of the same year. In January of 2007 Matt was sent to Lackland Airforce Base in San Antonio, Texas for a week and came back with his current dog, Cisco, a 5 year old Belgian Malinois. Distracted To Death

Dillon Thomas, Bridger High School JMG student, was selected by his teacher and peers to facilitate and educate youth in efforts to combat distractive driving by teenagers. Since September of 2009, he has been receiving ongoing training as a Drive Crew Member through the Allstate Foundation.

Distracted driving is the number one killer of teenagers and his interactive workshop will explain how JMG students can avoid the distractions. There will be hands-on activities and discussions, as well as "Keep-the-Drive" freebies to make the workshop fly by. A senior at Bridger, Dillon is an entrepreneur, who owns and operates the Thomas Lawn Services.
